

Attestation

E1-737

Herewith it is confirmed that in the first half of 2017 a regular supervision of the product

Particleboard type P3

particleboard, melamine-urea-formaldehyde (MUF), unfaced
technical class: EN 312, P3; DIBt 100, E1
in the thickness range: 12 mm ≤ 25 mm

manufactured by

SIA "KRONOSPAN Riga"
Daugavgrivas soseja 7B
LV-1016 Riga
Latvia

was carried out by the approved supervision body (NDS08)

Fraunhofer-Institute for Wood Research

Wilhelm-Klauditz-Institut WKI
Bienroder Weg 54 E, 38108 Braunschweig, Germany

according to supervision contract no. 0737 dated 19 October 2009. It was found that the requirements on personal and equipment are suitable to produce the product in an adequate way and the factory production control meets the requirements of the "Regulation on the classification and external supervision of wood-based panels regarding formaldehyde emission (DIBt - Guideline 100)" dated June 1994. This attestation is part of the evaluation report and is valid for the following 8 months. The continuous external supervision of factory production control shall take place twice a year.

Dipl.-Ing. Harald Schwab
Head of the Testing, Supervision
and Certifying Body
